

WHAT'S ON July

Hello again everyone.

It's good to be back playing this great game! We hope you're finding plenty of opportunities to get on court.

No doubt we've all been following the news and are aware that **we mustn't relax our observing of social distancing. And the clubhouse, including the toilets, remains strictly out of bounds – please do not enter.** For the sake of clarity, our updated guidelines are on the page below. Please read these carefully and take care to follow them to the letter.

COURTS TIMETABLE

Lockdown was a loss to us all, of course, but has been a particular problem for our coaches. We're pleased to say that they will soon be able to offer group coaching again and we'll let you know when booking for new sessions opens. But before then a number of sessions in the Spring Term's programme were obviously cancelled because of lockdown (and some pretty awful weather beforehand) and need to be rescheduled this month.

THIS AFFECTS THE COURTS TIMETABLE, starting w/b June 29th. Please click on this link – http://www.wbtc.org.uk/courts_Timetable.php – to see the shape of the week and the times in the next couple of weeks when some courts will not be available.

INDIVIDUAL COACHING

Our coaches are able to offer one-to-one tennis coaching for both adult and junior members. **To book an individual coaching session, please contact our coaches direct:**

Chris Hampton 07870 169215
Tom Francis 07747 026377
Rachel Tucker 07779 482004
Dave Rooney 07963 506917

SECOND PHASE OF RESUMING TENNIS: RULES

1. **Doubles can now be played as well as singles, but this means that it is more important than ever that:**
2. **Social distancing must be strictly maintained.** If playing with someone from another household, avoid handshakes and keep your distance at all times (however strange it may feel, especially at the change of ends). Change ends by passing at opposite ends of the net.
3. In the event that all four courts are in play and someone is waiting for a court, please be fair and courteous and observe the simple club rules: **doubles play takes precedence over singles; and whoever has been playing longest will play for a maximum of 20 minutes before "revolving". While waiting to play, stay outside the courts and observe social distancing.**
4. As part of maintaining social distancing, you must **allow each other plenty of time and space when entering or leaving the courts** and the club grounds.
5. No club balls will be provided. **You must bring your own balls,** which should be marked with your initials. Balls that stray from another court should not be handled: they should be hit back along the ground with your racket.
6. **Avoid using the net-winder.** The nets will be set at the correct height. Do not adjust or wind down at the end of play.
7. **The clubhouse, including the toilets, is strictly out of bounds. Do not enter the clubhouse.**
8. **Do not leave anything on the court** when you finish playing.
9. **Keep a written record of all times you play and the people that you play with.** We will ask members to send us this information if it is required in the event of known infection.

Please observe these nine points STRICTLY so that everyone can remain safe and well.
